

MyTurn Sofa

MyTurn SOFA is the latest collection of armchairs and sofas, the most modern that Profim has to offer, and the result of the work of a British designer, Paul Brooks. The MyTurn SOFA family is characterised by its minimalist style combined with unprecedented comfort achieved through the use of independent seat and backrest cushions filled with foam of carefully selected parameters. The precise upholstery based around high-quality leather, combined with wonderfully matched and chromed elements, help ensure the seats remain utterly exclusive. The collection consists of an armchair, a sofa available in two sizes, and tables. It is a perfect solution for CEOs and senior managers, as well as for use in other locations important for business, such as reception areas, lobbies and hallways.
